

# HCHS Week Ahead

December 2 – 6, 2024

It looks like the weather rollercoaster that we are on will continue over the next while. I guess like a real one we need to just hold on tight and enjoy the ride.

Our basketball teams would like to thank all who have come out support their first home games. It has been fun seeing a full gym supporting our players and we look forward to the continued support as the season continues. It is great to see how our students have embraced the spirit days that our leadership students have been planning and we can't wait to see more of it in the weeks ahead.

As we get deeper into a semester it is sometimes easy for old habits to creep back in and we have focused on helping our students to lessen the distraction of cell phones by supporting them in locking them away in their lockers over the past week. This has been challenging for some but we will continue to work with them as the RVS Digital Device Policy continues to evolve. This week our school will be hosting a meeting with our Area Director to place the final touches on our School Education Plan that will be posted to our website in the near future. Our Boys Basketball team will be hosting their final home game before the holiday break on Thursday and would love to see a full gym of fans. Our school will be the venue for Professional Learning for RVS Bus Drivers from the east side of the division on Friday.

With the Holiday Break only two weeks away, our Leadership Club and grade 9 Leadership class are looking forward to organizing a food drive for the food bank and a fun spirit week for everyone for the final week before the break.

Sincerely,

Jordan Fenton
