

HCHS Week Ahead

January 6 – 10, 2025

Happy New Year! How is it already 25 years since we all anxiously celebrated Y2K?

We hope all our staff, students, and their families had a great break and are looking forward to getting back at it. It is now a sprint to the finish for semester 1 classes with only nine school days leading into the Re-assessment period (formerly known as exam break). It has been renamed to more accurately reflect what occurs with students getting to redo and resubmit work for it to be reassessed and placed towards their final grades. Please see below for more information on this and if you have questions please do not hesitate to reach out to your child's teacher.

Guidelines for prior to the end of regular classes:

- Comprehensive/cumulative final exams - may account for a maximum of 15% of the final grade. A teacher may choose to offer a comprehensive final exam. Students may opt to write the final exam or not.
- All final exams are to occur during scheduled class time in the regular classroom prior to or on the last day of regularly scheduled classes.

Expectations for January and June Final Reassessment Periods

Grade 9 students in a grade 9-12 school who are not passing a course, or who have incomplete or missing summative assessments, will be required to attend to receive targeted support and/or to be reassessed during the reassessment period.

Grade 10-12 students who are not passing are required to attend to receive targeted support to be re-assessed or to complete assignments on curricular outcome(s) that would have a substantial impact on course grade (example: redoing a source analysis, rewriting a unit exam, etc.) during the reassessment period.

Grade 9 -12 students who are passing are encouraged to attend to be re-assessed or to complete assignments on curricular outcome(s) that would have a substantial impact on course grade (example: redoing a source analysis, rewriting a unit exam, etc.) during the reassessment period.

Sincerely,
Jordan Fenton
