

# HCHS Week Ahead

March 31 – April 4, 2025

March came in like a lamb and going out a bit like a lion as we prepare for another calendar flip this week. We will be starting in on the final three months of this school year!

We would like to thank all our parents and students who came out for the Parent Teacher Conferences this past week. It is always a good way to keep the communication lines open with our school and homes. Our students and teams were able to get Spring Pictures this week and the proofs will be sent out soon for ordering them. This starts the time of year when we begin planning for the next school year while concluding the current one. Thank you to all our students who submitted their course pick sheets this week. We will be using the information from them to start planning our courses and schedule for next year. Good luck to our Mechanics students who will be competing in the Battle of the Techs at the World of Wheels over the weekend. Being able to assemble over 190 pieces of a V-8 engine and getting it to run for 5 seconds in under 10 minutes is an amazing accomplishment.

This week will start with a Professional Learning Day for our staff and a long weekend for our students. As always a four-day week is typically filled with enough things to fill a regular five-day week. We will be working with students to enter their course selections on Tuesday to start the scheduling process for next year.

A quick reminder that all student's fees are now on SchoolCash. Please log into your SchoolCash account and pay your student's fees by using the following link: <https://www.schoolcashionline.com/>

Sincerely,  
Jordan Fenton

## **This Week:**

**March 31**

PL Day – No School for Students
